WELCOME

Fellow Longhorn Breeders and Enthusiasts,

We would like to be the first to welcome you to the 2025 Texas Longhorn Legacy Sale. Over the past 20 years, this sale has been a staple of the industry and is always an amazing time spent with friends and family. We make it our goal to be better each year with all the sale and weekend has to offer, and this year is no exception.

We would like to thank our consignors this year for digging deep to bring us one of the best lineups of cattle we have seen. This lineup of females will add value and production to any herd in the nation. With over 130 animals originally consigned, we thank each and every one of you for wanting to be a part of the sale this year. Due to the overwhelming support, we are excited to have the Friday Night Heifer Sale . This year bringing back the flash, the heifer sale is a Black Tie Event. So break out the ball gowns and Lucchese and let's have some fun!

Our goal is to provide everyone with a weekend you will be talking about for years to come while getting the chance to own some of the best cattle the industry has to offer. This year, we have so much fun to bring you, from armadillo races and cow patty bingo to awesome vendors and some amazing consignors who are bringing the best they have to offer.

As always, this event would not be possible without the support of each of our sponsors and consignors. It is because of each of you we can bring you this great event and keep making it bigger and better.

Please take the time to enjoy all the Legacy Sale has to offer. We are here to serve you, and thank each and every one of you for being here.

Our only rule is "Have Fun". We are thrilled to have you as part of the 2025 Legacy Sale presented by the Longhorn Legacy Group. Welcome to Grapevine. Let's have some fun!!

The Longhorn Legacy Group,

Mike Casey, Ann Gravett, Debbie Bowman & Lane Craft

COMMENTS: OCV'd. DH High Society is the first daughter of DH Hired Hand to be sold at public auction! He's undefeated in the futurities, winning the Millennium Futurity, HSC Futurity and winning the trailer at the Legends Futurity! Her dam is a daughter of the 2x Bull of the Year, Rowdy HR, this heifer's pedigree is full of champions! High Society has beautiful color, is very correct, stout made and has those flat, laid back horns! She'll be a winner in the show ring and in the pasture! Thank you for your consideration.

COMMENTS: OCV'd. This is the one! She has a great pedigree, great disposition and great attitude! There was no doubt she was going to be special, her young dam is stretching toward 100"TTT with ease and arguably one of the industries most beautiful tri-colored, swept back horned females alive. COMMENTS: OCV'd. Pretty sells! This heifer stands out right from the get go. She's sired by the grulla PCC Dark Knight, stacked with genetics of JH Rural Safari Son, PCC Dazzle Doll, PCC Rim Rock and WF Dumpling. There isn't enough space to talk about all these producers on what they sold for, what they produced and what they've become. On her bottom side, you combine Hudson Longhorn's program and Mike Bowman's history. What you get is a female made to produce. She's got a great lateral horn set too, she's already setting up for a low roll, as she measures 65.375" TTT at 24 months and 10 days old. She's been exposed and watched being bred to M.C. Rain Man, sired by M.C. Hangin' Tuff and a maternal half-brother to WT Kid Rock. Watch this history of production and consistency stack on this calf!

COMMENTS: OCV'd. This young female is built like a tank while retaining her femininity. Check out her natural thickness and amazing color. Her sire, WS Elevation, was a huge building block for us and we're thrilled with the replacement females he gave us over the years. Her dam goes back to WS Jamakizm, Rio's Royalty, and Royal Reputation. Her dam's maternal line also goes back to Tejas Star and Texana Van Horne. DAM: BL LIZZY
(50 AMP X BL DIZZY 431)

DOB: 2/22/2023 **PH#:** 303 **REG:** CI345806

BREEDING INFORMATION: Exposed to Nighthawk from 12/15/2024 to sale date.

COMMENTS: OCV'd. Our first Legacy consignment and what better way to start than by also consigning our first Texaco offspring. Texaco genetics have been kept very protected but here is your chance at a big time heifer of his! SLL Texanne has had that IT factor since the day she was born. She is already measuring over 60" ttt months before her 2nd birthday. Along with a ton of horn, Texanne has a beautiful conformation, a feminine look and the sweetest personality. This is a heifer that embodies being maternally sound without sacrificing growth. She brings in genetics from some of the top breeders in the industry with Jimmy Jones, Stockton/Burton and Bob Loomis to name a few. Texanne is being exposed to Nighthawk, a son of the great Horseshoe J Journey! I am having a hard time letting her go but it's time to share what we have been working on here at Siller Longhorns. Bid with confidence, Texanne is parent verified and negative for Johnes, TB, BVD & BLV.

Do your homework and see this is how the bloodline moves forward! 66.5" TTT puts her on track with most 90" TTT cows in the breed, but she's just now turning it on! She's confirmed bred to M.C. COMMENTS: OCV'd. If maternal strength is what you seek, look no further than this exceptional heifer, measuring 60.875" TTT and weighing in at 885 lbs at just 21 months old. She's bred to be a cornerstone of any herd, with the maternal lineage and structural power to compete with the very best. BREEDING INFORMATION: Exposed to Justify from 5/23/2024 to 8/19/2024.

COMMENTS: OCV'd. Katz Fancy is a gorgeous daughter of the late Swagger BCB. He was known for producing big, deep-bodied, well-balanced cattle; you'll see that here on this heifer. She was the Champion Senior Heifer at the ITLA Championship (Non-Haltered) in October 2024 and she's also won a couple of rifles in futurities. She's thick and easy to keep without being fat. Her dam, Kat Nap BCB, is a half-sister to Ringtail Kat BCB. Every daughter of Kat Nap's is a homerun! Katz Fancy measured 75.75" TTT at 28 months old, that puts her on track to hit 90"+ TTT while she's still 3 years old. Another enticing fact, she's confirmed bred to Justify for a Spring 2025 calf. His offspring averaged \$19k in our Production Sale. He has six daughters that are 90"+ TTT and are under 6 years old. Katz Fancy always makes her way across the pasture to come see what we're doing. I am proud to offer this heifer, she's a great example of the consistent genetics that we've always strived to produce!

COMMENTS: OCV'd. This beautiful brindle daughter out of the famous Dragon Lady (92" TTT), from the Stockton/Burton Ranch, is a real knockout. Her sire is the famous Reckon So, a Cowboy Tuff Chex son out of Dragon Pearl. These genetics are hard to come by in the industry, as nothing like this has ever been sold out of the Stockton/Burton herd. Dragon Fire measured 61.25" TTT on 9/7/2024 and has a perfect horn set that will continue to roll out flat like her mother. Her full sister, Dragoness, owned by Randy Murry, is a complete carbon copy of this cow and she now measures 95.75" TTT. She is a tri-colored brindle that you'll never get tired of looking at. This color keeps coming down through the generations. Look at her maternal side! She has over 80" TTT of low swooping horns. She's given us two heifers in a row and we thought there is no better place than the Legacy Sale for this cow to go! She's very friendly and easy to be around. BREEDING INFORMATION: Bull calf at side born 11/11/2024, sired by Sheridan GLR. Exposed back to Sheridan GLR (M.C. Hangin' Tuff x Tsunamis Tuff Pearl) from 10/5/2024 to 3/10/2025.

COMMENTS: OCV'd. Johne's negative. This young cow was hard to consign, but we wanted to sell one of our top tier cows here at the Legacy Sale. She's our best 2021 heifer and is double bred Cowboy Tuff Chex, with some Drag Iron thrown in; a genetic combination that has consistently performed well for us. Her maternal line is exceptional with TKR Royal Tuffette, WS Rising Star and WS Sun Rise, all right at 90" TTT. Cut N Royal Gal herself was 84" TTT at 3 years old and will be over 90" TTT at 4 years old. She's tall, long and muscular with plenty of depth. She's definitely an eye catcher in the pasture. She sells with a bull calf at side, born 11/11/2024 and sired by Sheridan GLR (M.C. Hangin' Tuff- 102" TTT x Tsunami's Tuff Pearl- 99" TTT) which I want to buy back or partner with the buyer at weaning. Cut N Royal Gal has been exposed back to Sheridan GLR for 3 months by sale time. COMMENTS: OCV'd. This is a tremendous young daughter, sired by Trued Up BCR that measured over 85" TTT shortly after her 4th birthday. Her dam is a tremendous producing daughter out of Zeus EOT, that goes back on the bottom side to the famous SO Four Eyes cow that was a mainstay in the Bowman program for years. Trued Up BCR's dam has produced four offspring that were over 90" TTT as 4-year-olds. Gutsy Girl is just getting started on her way to becoming an elite female. COMMENTS: OCV'd. Here's a classic Top Caliber daughter with her roan colors and swooping horns. Her dam is a fabulous blend of CV Cowboy Casanova and RC Pacific Mermaid genetics. Top Caliber is a prolific producer of 90" TTT and 100" TTT offspring, and RC Pacific Mermaid is one of only three cows with four over 90" TTT offspring. Top Model is bred to RJF Breaking Bad, who's out of Cowboy Tuff Chex at 106" TTT and HL Brick House, who's 102.25 TTT! Can you imagine what this calf will be? BREEDING INFORMATION: Heifer calf at side, sired by Cut'N Dried.

COMMENTS: OCV'd. Fiddle Sticks not only brings a lot to the table, but has the breeding, success and growth to advance any herd. Her pedigree is a who's who of past and present great longhorns; she won both twist and total horn in her class at the 2024 HSC. Fiddle Sticks' paternal half-sister was Reserve Champion all-age female at the 2024 ITLA Championship Show, proving her sire is a knockout producer. There's no doubt that she has color, horn and body, but her value is multiplied as she consistently passes those traits on to her calves. Fiddle Sticks is a total package female that will truly be missed around the ranch. As if she couldn't stand alone as a tremendous animal, she is bred to Cut'N Dried for an exciting late 2024, early 2025 calf.

COMMENTS: OCV'd. Silver Command is a very correct and smooth cow with a ton of horn. We're very excited to see the calf she's carrying, sired by Dunn Wildfire. His dam is Dunn Lucky Penny 107"+ TTT and his sire is Investment. Wildfire is laying his offspring's horns down and he's known for adding color as well. BREEDING INFORMATION: Exposed to KDK Wildfire from 7/1/2024 to 11/3/2024.

COMMENTS: OCV'd. This big girl has been an absolute joy to own. You will not find a quieter, more manageable cow. We've seen her distance herself, and her calf, to stand and watch when another animal is trying start a ruckus. She'll eat out of your hand and then follow you anywhere for more. Bella is a wonderful, attentive mother, milks like a dairy cow and raises big, healthy calves. She's not a bossy cow and runs about half way down in the pecking order of our small herd. Her last measurement was on 9/28/2024 and was 96.5" TTT. At the rate she continues to grow, we expect her to reach 100" TTT in her lifetime. Bella was exposed back to KDK Wildfire and should calve in late Spring 2025. We're retaining her 2024 bull calf from the same mating as a herd sire prospect.

BREEDING INFORMATION: Exposed to Real Deal from 8/1/2024 to 11/1/2024 and Silver Leighman from 12/8/2024 to sale date.

COMMENTS: OCV'd. Flash may be the best overall cow we've ever produced, as it relates to the total package. Her color is grulla, blonde and white. She produces, which is evident by the fact that her daughter sold at the Legacy Sale as a heifer for over \$30k and is now a high 80"+ TTT as a 4-year-old. Flash has mid 90" TTT Texas twist horns and a perfect udder and disposition; a foundation cow for any breeder. Her dam had great twisty horns and then you cross that with J.R. Flash and KC Just Respect for size and color, you get something special. She's exposed to BR Real Deal, who's basically a 100" TTT bull and also Silver Leighman, a black, gray and white bull at 90" TTT, who's a half-brother to Silver Heart, an over 108" TTT as a 6-year-old. COMMENTS: OCV'd. When we started breeding longhorns, we set a goal that when a Hicks Texas Longhorn cow walked in the ring, everyone would know it was our program without even looking at the brand. Not only is Hicks Rain Dance a perfect example of what we've been breeding for the last 19 years, she's also our favorite cow and the hardest one we've ever decided to offer for sale. She's bred to Riverforks Woody Be Tuff, whose maternal lines phenotype fits perfectly to continue the consistency we've been seeing in the offspring in our herd.

BREEDING INFORMATION: Exposed to TJ Bux from 6/25/2024 to 3/14/2025.

COMMENTS: OCV'd. GF Dawna Winn is a large-framed, young female who is outstanding in every way. She's one of Rex's favorites! She has perfect conformation, a deep body and as sweet as they come. She's very eye catching in the pasture with her incredible and promising horn set and should be a 90" TTT cow, no doubt! She's sired by the 90"+ TTT GF Buck Winn to bring in the 90" TTT Drag Iron and the twisty-horned Miss Red Rose, out of JP Rio Grande. On the bottom, she goes to the 92" TTT AF Gun Slinger, along with Top Caliber, Hunts Command Respect and Cowboy Chex, just to name a few. Her pedigree makeup is stellar in every way. The icing on the cake is she's bred to TJ Bux, a son of Hubbells 20 Gauge. We're retaining her fantastic 2024 heifer out of him! This is an excellent opportunity to bring those genetics into your herd and build a program around her. Her horn measurement will be announced at sale time.

COMMENTS: OCV'd. Here's a shot at a monster-horned Loomis bred female. Agnes measured 85.125" TTT back in September and is still cranking the horn. She's at that age where these genetics start to roll and take off. Her sire is over 102" TTT and on the bottom you bring in Fifty-Fifty BCB, Cowboy Catchit Chex and Jimmy Jones breeding. On the bottom side, she has Cowboy Chex and Owen McGill breeding, making a perfectly blended female. Mercedes is easy to work, a great milker and awesome producer! We're keeping a HL Higher Ground daughter out of her that's super fancy! COMMENTS: OCV'd. Talk about an outcross... Look at the junk in this momma's trunk! She's a big, thick-bodied producer that brings in the old Watson genetics, along with WS Jamakizm. This young 6-year-old beauty already has 93.5" TTT of big, swooping, twisty horns that continues to grow 3-4 inches per year and she's not slowing down. She's one of our favorite consistent producers that has given us 75% heifers in 4 years. All of her offspring are knockouts and will be statements for the future of our herd. She's bred to the one and only, YR Roscoe, for a Summer 2025 calf that you can bet will be a contender in 2026 futurities. COMMENTS: OCV'd. Combining two of the best producing families in the breed, Island Girl's blood is shared through Hunts Respected Dianne and BL Safari Sue. Her dam is a 3/4 sister to HL Double Barrel and is a daughter of the 100"TTT Helm Grand Dianne, who herself has another daughter over 96"TTT. The paternal side flows through the producing BL Safari Sue, who in her own rights has produced the likes of Bwana Chex, BL Swahili, HL Dragon Safari, Tuff Enuff Chex and more. COMMENTS: OCV'd. Johne's negative. This a genetic gold mine, combining Casanovas Magnum, who measures 96" TTT and Delta Lucky Lady, a full sister to Delta Lucky Ace, the 2021 HSC Ultimate Bull. She's big-horned and big-framed with a lot of color. She's currently in her upper 80" TTT and should be a 90" TTT cow in 2025. We already have a replacement heifer, so we're including her 2024 PCC Cactus Jack heifer at side, born 8/10/2024, as a bonus. COMMENTS: OCV'd. We bought Hubbells 007 Catchit 721 as a young heifer and have watched her grow into a high 80" TTT, beautiful, brindle cow. She has absolutely no flaws, milks perfectly, has a great disposition and conformation and has given us three heifers that we're watching in our herd. We own several Cowboy Catchit Chex daughters for a reason, they're producers of beauty, horn and are very easy to work around. The icing on the cake for this beauty is who she's bred to. DOB: 9/4/2017 **PH#:** 417 **REG:** CI312497

BREEDING INFORMATION: Exposed to RJF Breaking Bad from 9/27/2024 to 12/31/2024.

COMMENTS: OCV'd. Bar R Moana is sired by JBR Royal Mountie, who's sired by Cowboy Tuff Chex and out of Eternal Diamond. Her dam is sired by Jack Pot, who is sired by WS Jamakizm. This cow has a really sweet, gentle personality and is always one of the first coming to feed and the pens. Her brindle heifer, Moana's Paradise, is the prettiest cow we've ever had on the ranch and she had another gorgeous heifer calf, sired by JH Rural Safari Son, who's knocking it out of the park. We're retaining all three of her heifer offspring in our herd. Moana has proven to be a fertile recipient with three successful artificial inseminations.

SIRE: JBR NET WORTH

DAM: GLR AWESOME RIO BABY
(TH SUGAR RANGER X 7 BAR SUPER HAVEN)

DOB: 2/6/2017 **PH#:** 700 **REG:** CI307631*

BREEDING INFORMATION: Heifer calf at side born 10/7/2024, sired by Rebel HR. Exposed back to BR Jungle Jim from 12/3/2024 to 2/14/2025.

COMMENTS: OCV'd. There is lots of eye appeal in this daughter of JBR Net Worth. Her daughter, sired by RJF Black Magic, was a right at 90" TTT as a 6-year-old. She also has several 90" TTT matriarchs in her pedigree. Her bull calf, sired by HL Heads Up, was in his 40" TTT at 12 months old! She has a heifer calf at her side, sired by the legendary Rebel HR, and we have her exposed back to BR Jungle Jim, who has done a great job laying down total horn and adding fantastic twist and color. She measures 82.75" TTT and 110.75" TH. Don't miss out on this great producer.

COMMENTS: OCV'd. Here's a beautiful Fifty-Fifty BCB daughter for your consideration. She's built well, easygoing and one heck of a momma cow. She should have a calf at side by the sale and will be exposed back for a possible 3-in-1. Her updated measurements will be announced on sale day.

BREEDING INFORMATION: Exposed to JHCC Captain Marvel from 6/30/2024 to 2/15/2025.

COMMENTS: OCV'd. Rustic Gauge is a fantastic cow, with a great pedigree and a beautiful set of rolling horns that are just barely under 90" TTT. She's very even-tempered and is a gorgeous cow in the pasture. She has given us two heifers in a row and is quite the producer! We absolutely love the calves we've gotten out of her. We have her exposed to JHCC Captain Marvel, who's right at 87" TTT as a 4-year-old. He's sired by CV Casanovas Magnum, 96" TTT and the over 90" TTT Riverforks Pearl Jam. This should be a very special calf!

DAM: HICKS SAFARI ROAN
(RUCKUS X HICKS MELINDA SAFARI)

DOB: 4/11/2018 **PH#:** 8/18 **REG:** CI1314075

BREEDING INFORMATION: Exposed to Spanster from 8/24/2024 to 9/6/2024 and Riverforks Woody Be Tuff from 9/22/2024 to 11/3/2024.

COMMENTS: OCV'd. At Hicks Texas Longhorns, almost our whole herd goes back to four foundation females. Hicks Safari Dove's granddam has been the most consistent producing female line of the traits we're breeding for, tied only with our old JH Raggamuffin cow for number of offspring retained in our program. The milk ability, fertility, longevity and long, twisty horns we like have almost been a guarantee with these two lines. We wouldn't be selling Hicks Safari Dove, but we're retaining her daughter (which is probably the best heifer we've ever raised), her son as a herd sire and her grandson as a herd sire. Her genetics will be ingrained throughout our entire herd. She's bred to Riverforks Woody Be Tuff, whose maternal lines phenotype fits perfectly to continue the consistency we've been seeing in the offspring in our herd.
