OCV'd. Most of you will be excited about the fact she is a daughter of Rebel HR, but for us, the magic from this female is derived from her mother Awesome Nova who has been an elite producer! BR Poco Nova is over 100" TTT and BR Nova Scotia is 97.75" TTT at just past 5 years. You will have the opportunity to build your foundation here today with these elite genetics. We are retaining a daughter from her and WT Kid Rock who measured 45.25" TTT before 17 month of age. This family are beyond predictable. You can't go wrong.
